

BIO SLIM PF

Botanical anti-cellulite & slimming complex

INCI NAME

Aqua (Water), Glycerin, Escin, Propylene Glycol, PVP, Threonine, Caffeine, Theophylline, Tromethamine, Fucus Vesiculosus Extract, Laminaria Digitata Extract, Equisetum Arvense Extract, Hedera Helix Extract.

DOSE OF USE: 2-5 %

SOLUBILITY: Hydrosoluble

BIO SLIM PF is a concentrated natural active ingredient from botanical origin, with slimming effect for the treatment of local cellulite and skin firmness improvement.

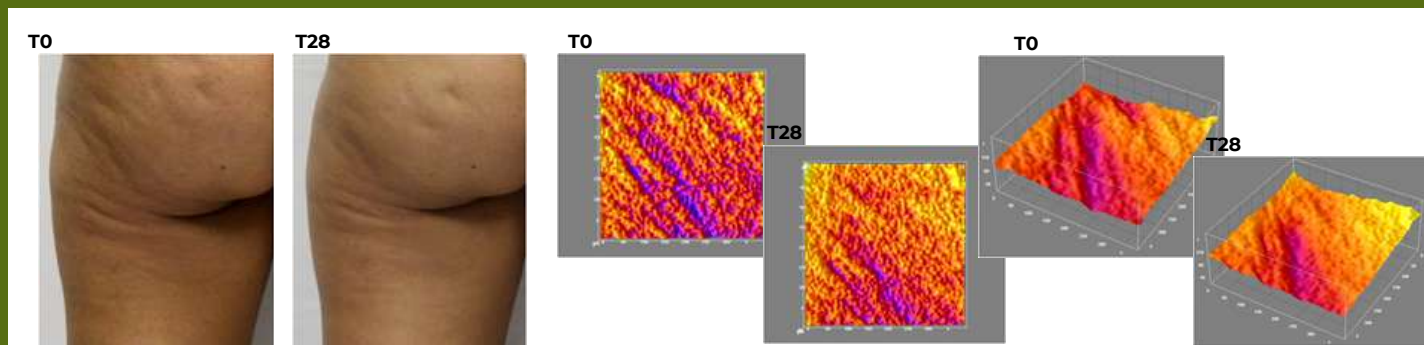

BIO SLIM PF main components are:

1. **Xanthic bases:** caffeine, theophylline
2. **Amino-acids:** threonine
3. **Botanical substances:** Escin, seaweeds like ***Laminaria digitata*** and ***Fucus vesiculosus*** and plants like ***Equisetum arvense*** and ***Hedera helix***.

BIO SLIM PF helps in the transformation of the excess of reserve lipids into free fatty acids and improves the elimination of water and floating toxins, strengthening the capillary walls.

In-vivo test: Evaluation of the cellulite reduction by image analysis

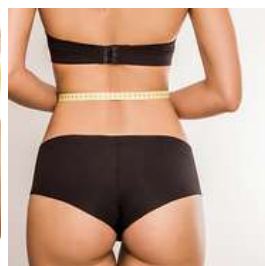

After 28 days, 5% BIO SLIM PF induced a **significant reduction** in skin cellulite up to 4,2%
